BETTER OFF FUNDING

OVERVIEW

THE BETTER OFF PACKAGE IS ONE OF THE FINANCIAL SUPPORT PACKAGES PROVIDED TO LOCAL AUTHORITIES UNDER THE THREE WATERS INFRASTRUCTURE PROGRAMME ENABLING COUNCILS TO INVEST IN THEIR LOCAL COMMUNITIES. \$500 MILLION OF CROWN FUNDING HAS BEEN PRE-ALLOCATED TO COUNCILS BASED ON A NATIONALLY CONSISTENT FORMULA.

The funding was available from 1 July 2022. Government has appointed National Infrastructure Funding and Financing (NIFF) to administer and monitor the fund for the Department of Internal Affairs (DIA). The programme will enable councils to focus on the wellbeing and aspirations of their communities. This Better Off Funding can be used for those projects communities feel they need the most, be it local parks and gardens, swimming pools, libraries and community centres, or investment in public transport and infrastructure to protect against extreme weather events and sea level rises.

The Programme must support one or more of the Better Off Package criteria:

- Delivery of infrastructure and/or services that enable housing development and growth, with a focus on brownfield and infill development opportunities where those are available.
- Supporting communities to transition to a sustainable and low-emissions economy, including by building resilience to climate change and natural hazards.
- Delivery of infrastructure and/or services that support local place-making and improvements in community well-being.

Funding proposals must be for new initiatives or projects; or accelerate, scale-up and or enhance the quality of planned investment.

The duration of the Programme of Expenditure must be 5 years or less with a completion date on or before 30 June 2027. The Total Maximum Amount Payable must be equal to or less than the Local Authority's Crown Funding allocation.

BETTER OFF FUNDING CASE STUDY

NGAKAWAU SWIMMING POOL IMPROVEMENTS, BULLER DISTRICT COUNCIL

BULLER DISTRICT COUNCIL USED \$310K OF THEIR BETTER OFF FUNDING TO SUPPORT THE REFURBISHMENT OF THE NGAKAWAU POOL. THE

Ngakawau Pool was built and opened in the late 1950s/60s. The community spent many volunteer hours building and maintaining the pool and it is still going strong and being managed by volunteers.

Making improvements to the pool will guarantee its survival in the community and continue to allow families to have a safe place to swim and learn about water safety. The improvements include installation of a new pool lining system to protect and preserve the life of the pool, plus an

upgraded filtration system and upgrades to its pump shed and perimeter fencing.

The pool is particularly valuable to children with many of them having their first swimming experiences here. Living close to rivers and to the sea, swimming is an essential life skill for children and adults to have.

The main contractors Coombes Aquatics arrived on site in early August 2024 and commenced works immediately. The pool reopened in December 2024.
